

## *What qualities do we want in a 4-H Project Leader?*

- 1. A 4-H Project Leader needs a **BIG HEART** with enjoyment in working with others and to be willing to take a leadership role.  
\*Add 4 cups of cinnamon toasted crunch cereal*
- 2. A 4-H Project Leader needs some sweetener added at times so **ADD SOME FUN** to your meetings and activities.  
\*Add 2 spoonfuls of candy corn*
- 3. A 4-H Project Leader sometimes has road blocks and challenges that you **MUST BE PATIENT** and keep all communication lines opened if it's one on one, person to person, email, meetings or newsletters.  
\*Add a handful of pretzel sticks*
- 4. A 4-H Project Leader has a very important role in **RAISING FUTURE LEADERS**, so step up and share opportunities with your 4-Hers, parents and project leaders and see your 4-Hers **LEARN BY DOING**.  
\*Add bunches of teddy grahams for all those eager 4-Hers to LEARN.*
- 5. A 4-H Leader will have many moments to cherish as you see your 4-Hers learn by doing as they grow into our future leaders.  
\*So to complete our 4-H Project Leader we need those ready to learn and have FUN! Add bunches of M&M's to create a Magnificent & Mint bunch of 4-Hers*

*So have fun being a 4-H Project Leader!*

*2009 North Central Region 4-H Volunteer Form – October 1-4*
