4-H Facts and Fun!

Cottonwood-Barton 4-H Newsletter

February 2020

I'm trying out a different format for the February newsletter - let me know what you think

As always, the goal of the newsletter is to share useful information about upcoming events and activities as well as share news and learning opportunities.

As Extension agents, we were challenged during our annual conference to look for ways to be innovative in our programming. This can create challenges as we sometimes have to let go of existing things in order to create new things. It does NOT mean that there was anything wrong with the old way; it may just be time to refresh and update.

I have had the opportunity recently to attend several workshops on STEM-related activities that really challenged me - my thinking and my comfort zone!

I would encourage all of you to also look at your comfort zones, especially as it relates to 4-H projects. Do you only participate in livestock or are you rounding out your 4-H experience by diving into photography? Are you focused on Space Tech or stretching your vision by adding visual arts?

Life is a Grand Adventure - Make every day count!

K-State Research and Extension is an equal opportunity provider and employer. Issued in furtherance of Cooperative Extension Work, Acts of May 8 and June 30, 1914, as amended. Kansas State University, County Extension Councils, Extension Districts, and United States Department of Agriculture Cooperating, J. Ernest Minton, Director

4-H In The News

We are excited to announce the 12th Annual 4-H Day with the Wildcat Women's Basketball team has been scheduled for Sunday, March 8, when the Wildcats take on the KU Jayhawks!

Tip-off will be at 2:00 p.m. For \$22, each individual will receive a ticket into the game, a game day t-shirt, and a \$10 meal voucher to use at the main concession stands.

For full details and to register online, visit: https://www.kansas4-h.org/docs/20%204-H%20Day%20Flyer.pdf

State 4H Horse Panorama at Rocks Springs Ranch in Junction City is one of the highlights of our Barton County (Cottonwood District) 4H Horse Project. This group has practiced their tails off throughout the year prior to compete in several events including Quiz Bowl, Hippology (written tests, slides, & stations), Posters, Photos, Logos Public Speaking and more!

New Family Resource Page

This page is dediated to the new and not-so-new 4-H families who may have questions about upcoming events and activities. If you havea question, send it to Michelle and we'll include it!

Q1. I tried to enroll my 7 year old in Shooting Sports and it won't let me! Why?

A1. Great question! By Kansas 4-H guidelines, 4-H members can't enroll in Shooting Sports until they are 8. Please keep in mind that the goal of all projects is the learning process and we want to make sure that 4-H members are able to evaluate and learn from the information presented

Q2. What is YQCA and why does my 4-H member have to complete it to sell in the county auction or exhibit livestock at KSF or KJLS?

A2. Youth Quality Care of Animals is an important educational piece of livestock projects. In addition to covering animal health and handling, each class also covers our role as livestock producers in regard to the food supply and public perceptions. You have two options to complete the class: Attend one of the on-site classes offered in Barton or a neighboring county (or at Junior Producer Days!) OR 4-H members may complete the course online.

With either setting, you enroll online and pay a minimal fee to the YQCA Organization which produces and maintains the training.

Q3. What is Super Saturday?

A4. We'll be sharing a flyer and registration link very soon. Super Saturday is a combined effort by several counties to provide an interactive day of judging practice and workshops for 4-H youth. Opportunities are available for Life Skills Judging, Entomology Judging, Plant Judging, Photography Judging, and Livestock Judging in addition to many hands on workshops. Costs are dependent on the number of contests and workshops attended as some workshops have additional costs.

Leaders' Corner

How do you prepare for a Club Meeting?

Do you work with the President to determine an agenda? Do you sent the agenda out to families ahead of time? Do you plan (or work with an older youth) to plan some kind of learning activity at each meeting such as a project spotlight or leadership/teamwork activity?

The Extension Office has great resources and Michelle is happy to work with you to develop an activity or check out project materials.

One of Michelle's favorite moments in a club meeting is to take a "Time Out" to help younger (and some older!) 4-H members understand WHY we proceed a certain way and HOW to properly execute the action.

Many thanks to the club leaders, parents, and older 4-H members who have stepped up to serve on a committee!

Volunteer Update - Providing a safe environment for youth to learn and grow is paramount to 4-H! If I have reached out to you recently, please make time to complete the steps necessary to be a registered volunteer.

NW 4-H Advisory Presents Michelle Cummings from Training Wheels

April 3-4, 2020 KSU Agricultural Research Center Hays, KS

Registration Deadline March 25th

Purposeful Play with Michelle Cummings

The philosopher Plato was once quoted as saying, "I can learn more about a person in an hour of play than a lifetime of conversation." In this workshop, Michelle

Cummings will share insights and strategies on how to surface behaviors through play through experiential activities. This high-energy, hands-on workshop will teach participants how to play some of the industry's best icebreakers, leadership games and unique ways to reflect on what you are learning. Michelle will engage you physically, intellectually and mentally with lots of opportunity for laughter and learning. Attendees will discover how powerful the impact of the value of connection, leadership, and purposeful play have on the participants in your programs.

Learning Objectives:

- Learn multiple hands-on activities you can utilize right away.
- Each participant will receive a detailed handout with write-ups for each of the activities presented.
- Enhance the participant experience by learning new ways to reflect on what they are learning.

Make Checks Payable to:

Ness County 4-H Council

503 S Pennsylvania Ave Ness City KS 67560 Walnut Creek Extension District

Who: This workshop is open to youth 7th grade and older and adult sponsors, staff and volunteers.

What: Team Building Facilitation Training. Networking that will help build your learn.

When: Friday, April 3rd, 10:00am to 4:00pm Saturday, April 4th, 10:00am to 4:00pm

Cost: Includes fabulous facilitation and training by Michelle Cummings, key chain debriefing tool, meals and snacks. \$10 Coupon for the opportunity to purchase her tools.

Registration Deadline March 25th
