

Have you ever wondered how to make a meal faster? Have you ever wished you were a master of Excel? If you have said yes to one or both of these questions, the next Women on the Farm program is for you!

Women on the Farm of Barton, Pawnee, and Rush Counties invites all people that are interested in either learning more about electric pressure cookers and/or Excel or our next program. This program will take place on Tuesday, May 21 at the Haas Building in Larned. Registration will begin at 10:30 and there is a small fee to cover the cost of lunch. The morning will be spent learning to cook different items in an electric pressure cooker. While you don't have to bring a cooker, please feel free to do so!

If you are just wanting to attend the Mastering Excel portion of the day, there is no cost and it will start at 1:00 p.m. You are welcome to bring your own computer to work on, but there will be computers available for use.

You are welcome to attend one or both programs, but you will need to RSVP so that we have enough materials available. Please RSVP to the Pawnee County Extension office by 5:00 on May 17<sup>th</sup> by calling 620-285-6901.

*Alicia Boor is an Agriculture and Natural Resources agent in the Cottonwood District (which includes Barton and Ellis counties) for K-State Research and Extension. You can contact her by e-mail at [aboor@ksu.edu](mailto:aboor@ksu.edu) or calling 620-793-1910.*
