Policy Statement for Animals Weighing in on a Different Date

Market animals must be ear tagged prior to the weigh in and brought to the county weigh in site to be eligible to show in market classes at the Ellis Co. Fair. New in 2022 they do not have to be weighed but tags must be verified at county weigh in site. In the event that they are not able to weigh-in on the official weigh-in date, due to an emergency situation as determined by Extension Agents, they may be weighed on a certified scale within one week (prior or following) the official weigh-in and the scale ticket presented to the Extension Staff. Animals not weighed in during the official weigh-in are not eligible for Rate of Gain awards.

Lost Tags – If an animal loses a tag, replace the tag as soon as possible by contacting the Extension Office. A form will be presented to the 4-H'er with the change of tag number on it. Cost of a replacement tag is **FREE**.
