2020 Fair Feedback Notes for Ag Livestock – from Superintendents and other comments from 4-H families & community members

Superintendent Feedback –

4-H Bucket Calf - Nice having an Ag Livestock meeting and stall assignment meeting with Superintendents ahead of the Fair

4-H Poultry - Specify broiler/meat pen size for 0-3 fryer, 3-7 broiler age, 7 & up is baker. Love new barn.

4-H Horse - Put Western Pleasure right after English to help with tack changes - might be able to combine pony pleasure with western if only one entry.

Round Robin – Worked well having the horses on grass north of the arena.

General Comments

4-H Horse Show – Supers did a great job! Plenty of help.

Livestock Check in – Shorten up to 2 hours for check in.

Online Survey

As we begin to plan for the 2021 Ellis County Fair, what suggestions do you have for facilities/grounds, new Fairbook classes/contests, scheduling, exhibit displays, encouraging community participation in the Fair or other suggestions?

Always need everyone to volunteer and participate in the fair before during and after. As for grounds I think that we need more 4H families to help keep the grounds clean, when you see trash laying around pick it up. We need 4H families to help set up and tear down for the livestock sale. Fairboard goes over and beyond to have the fair for the 4H kids and in return I think the families need to help out as much as they can.
