2020 Fair Feedback Comments submitted for this Committee's consideration

Exhibitor Breakfast – 109 coupons turned in. Pancakes were a big hit.

Foodstand – very short handed!

- Chicken bacon wraps very good. A lot of food. French fries – quality control – a little crunchy
- Maybe go back to clubs being accountable for filling volunteer shifts. We had several times that we had shut down for a while. Maybe only offer drinks in the middle of the day. Just serve breakfast and supper. New grills work great! Don't need to decide at this meeting, but we need to consider what to do with the old grills.
- Hours open for business – consider closing during the afternoon.
- Serve Ellis Co. raised beef at the foodstand – ask for donations
- Need hand sanitizer stands at the foodstand

Virtual Lifeskills – very few participated

Fashion Revue – Move clothing construction to fashion revue day?

Positives – Laid back flow for the day – schedule flowed well.

- Doing the judging in the unrein building – more private – further apart – liked this set up
- Stage looked great!
- Great team – worked together well.
- Script editing before the show
- Recognizing seniors during Fashion Revue good

Improvements

- Can we buy a runner to reuse each year?
- Scripts need to be in ahead of time.
- Create an adobe spark video – how to write a script. What to include.
- Need some kind of side of stage covering plan.

Online Survey Feedback - What did you like least about this year's Ellis Co. Fair? Why?

Not being able to work in the food stand. My kids were not old enough so there for I couldn't work in the stand because I wasn't going to let my kids wander around for 4 hours while I worked. Also my kids love working the food stand. I pray things are different for the food stand next year.
