Explain briefly why you wish to become a Master Gardener.
If KSU and Extension scientific research and experience indicate benefits from the use of chemical compounds for specific horticultural purposes, would you recommend their use to gardeners who are seeking your advice even though you may personally oppose the use of any chemical interventions? (If your answer is no, please explain).

Thank you for your interest in the Master Gardener Program and for completing the application. It will be carefully considered and you will be contacted by the end of January.

Please be sure to sign the application.

AGREEMENT

I wish to become a Cottonwood Extension Master Gardener Trainee and would be available for the training session which begins Jan. 29, 2020 and continues each Wednesday from 9:00 am to 4:00 pm through March 11, 2020. Trainings will be held at the Ellis County Extension Office, 601 Main Street, Hays KS.

I understand that if accepted into the Training Program, I am entering into a contract to return 40 hours of volunteer time in communicating research-based horticultural information to the public by December 31st, following the basic training course completion. I further understand that continuation as an active Master Gardener in good standing requires completion of both 8 hours of Advanced Master Gardener Training and a minimum of 20 volunteer hours annually. I also understand that I will be required to pay a fee of $110.00 to help cover costs of the Master Gardener notebook, a t-shirt, two meals, and meeting expenses.

Master Gardener volunteers may not participate in the Cottonwood Extension Master Gardener Program for personal gain or for commercial recommendations or endorsements. Master Gardeners are expected to provide recommendations based on research-based information and to provide educational program assistance in support of the general County / District Extension education program.

Master Gardeners operate under the control of a trained Extension professional responsible for monitoring their performance and the progress of their continuing education.

Signed,
